

Safety Data Sheet - Adhesive tapes

01 CSAFE01 XX

Updated : 10/06/2020

Printed : 10/06/2020

"This document complies with REACH regulation no. 1907/2006/EC"

1. Identification of the product

Product reference : 01 CSAFE01 XX

Description of product use : adhesive tape

CAS : 1314-13-2

Supplier/Manufacturer : GERGONNE INDUSTRIE

Address : Z.I. Nord - Rue de Tamas - CS 70204 - 01117 OYONNAX CEDEX - France

Telephone No. : +33 (0)4 74 73 39 01

Emergency telephone No. : +33 (0)4 74 73 39 01

2. Hazard identification

Dangerous substances Directive (67/548/EEC); Dangerous Preparations Directive (1999/45/EC)

This product is considered to be an article and is therefore exempt from risk classification.

If properly handled and used this product currently presents no known specific risk to humans or the environment.

3. Composition/Information on ingredients

	Type
Carrier	Polyethylene Film
Closed side adhesive	Acrylic
Liner	Glassine Paper

4. First aid measures

Inhalation : No specific first aid measure necessary

Ingestion : Seek medical advice

Skin contact : No specific first aid measure necessary

Eye contact : In case of irritation, seek medical advice

5. Firefighting measures

Extinguishing methods : Water, carbon dioxide, foam or dry powder

Inappropriate extinguishing media : No known inappropriate media

Special hazards : Formation of toxic gases is possible in case of fire. Do not inhale combustion gases.

Protective measures : Self-contained breathing apparatus recommended.

6. Accidental release measures

Personal protection : Not applicable

Environmental protection : Not applicable

Clean up method : Not applicable

01 CSAFE01 XX

Updated : 10/06/2020

Printed : 10/06/2020

7. Handling and storage

Precautions for safe handling :

No risk of emission or exposure to dangerous chemical products under normal conditions of use.

Conditions for safe storage :

Not applicable

Storage recommendations :

Store at a temperature between 18 - 30°C and 50 to 60% relative humidity. Under these conditions the product can be kept for up to 12 months in its original packaging.

8. Exposure controls/Personal protection

Exposure limits :

No exposure limits noted for ingredients listed in section 3.

Personal protection :

No specific protection required

General hygiene and protection measures :

Do not eat or drink at the work site and wash hands after work.

9. Physical and chemical properties

State : Solid

Composition : See paragraph 3

Colour : See technical sheet

Odour : Weak

PH : Not applicable

Boiling point/range : Not applicable

Flash point : Not applicable

Flammability : Unclassified

Danger of explosion : Unclassified

Oxidising properties : Unclassified

Vapour pressure : Not applicable

Relative density : Not applicable

Solubility in water : Not applicable

Solubility in solvents : Not applicable

Viscosity : Not applicable

Vapour density : Not applicable

10. Stability and reactivity

Non-reactive and stable under normal storage and use conditions

Substances to avoid : powerful oxidising agents

Decomposition products

No hazardous decomposition products under recommended usage conditions.

Hazardous decomposition products may occur as the result of oxidation, excess heating or a reaction with other substances.

11. Toxicological information

No known specific danger

Based on our current knowledge and under normal conditions of use, this product has no dangerous toxic effect.

No evidence of toxicity or sensitisation.

01 CSAFE01 XX

Updated : 10/06/2020

Printed : 10/06/2020

12. Ecological information

Ecotoxicity : No known effect

Persistence and degradability : No test data available

Bioaccumulative potential : No test data available

Mobility in soil : No test data available

Other adverse effects : No data available

13. Disposal considerations

The product and the packaging may be incinerated together in an authorized disposal site.

14. Transport information

Under the regulations in force the product is not hazardous and is not subject to specific labelling.

15. Regulatory information

European directives : Unclassified

Symbols and indications of danger : Non-hazardous product

16. Other information

All information contained in this document is given on the basis of our knowledge at present and is given in good faith but does not constitute a warranty for final use of the product. No warranty should be understood or implied as the final use and application of the product are beyond our control. All risks should be taken into consideration by the final user. GERGONNE INDUSTRIE does not accept any liability for loss or damage arising from the incorrect use of this information.
